

THE NEWARK ADVOCATE

BURNING LETTERS OF ARDENT LOVE

Aired in Mae Wood's
Divorce Suit Against
Senator Platt

EPISTLES ONLY COPIES

Alleges Originals Were Secured
From Her by Conspiracy—Platt
Will Put Up Fight.

New York, May 19.—"It is dreadful
to contemplate the fact that I am 70
years old," pathetically wrote United
States Senator Thomas C. Platt in
one of his alleged love letters to Mae
C. Wood which were read to Justice
O'Gorman, in the Supreme court,
where Mrs. Wood's divorce action
against the senator was finally
brought to trial.

"Think of it—'Old Platt' now," he
wrote with tragic simplicity. "You
had better discard me at once before
I die."

"I am an old fool," he exclaimed
in another with frank introspection.
"My little bride to be," was the salu-
tation he is alleged to have used to
still another; and in yet one more
burning love message this distin-
guished member of the greatest de-
liberative body in the world, with ap-
parent deliberation, sent the lady "a
thousand kisses for the one you sent
me and a thousand times as fervent."

Mrs. Wood claims that the Senator
married her in 1901, and in her ac-
tion for divorce names as co-respond-
ent the Mrs. Janeway, whom two
years later Mr. Platt admittedly mar-
ried, but who has since left him be-
cause of certain scandalous revela-
tions.

"The Senator denies the Wood mar-
riage and with the issue thus joined
the public is getting the unpublished
chapters of the love affairs of a
statesman which vie in interest with
Balzac's imaginative story of "How
Old Men Love."

Incidentally there is an interesting
side light thrown on political affairs
that ought not to go unnoticed. For
instance in a letter addressed to "My
Dear Little One," Mr. Platt avows
that her previous communication was
so bright and original and cheered
him so, that "I am almost reconciled
to Odell's election." But that which
will be read with the greatest inter-
est by the people of New York is a
letter in which the Senator tells of
the provision he made for his family.

"My Dear Little One," is assured
that she need not worry about his
children, who had been provided for,
as witness: "For many years Frank
has received an income of \$100,000 a
year as counsel for corporations, etc.,
whose interests I look after." And
he continued:

"Harry married a rich wife, and
his company received a large sum
from the loaning of the New York's
state canal funds (some \$3,000,000)
which it controls, and if I am re-elected,
as I now intend to be, this will
still be under my control."

"Edward," he says finally, "is tak-
ing care of on the United States Ex-
press payroll."

Whether or not the Senator mar-
ried Mrs. Wood, Justice O'Gorman
will decide after hearing the evidence.
For this is not a jury case. Just now
Mrs. Wood is the chief figure of in-
terest. She is a matronly looking
woman, 45 years old, well preserved,
with black hair, blue eyes, a snub
nose and a mouth that shuts firmly
over perfect teeth.

Began a year ago, the action drag-
ged along until it was finally called to
trial, and for the next few days the
entire story of the relations of the
Senator and Mrs. Wood will be aired
in public. Joseph D. Lee and Chas.
Le Barbier are appearing as counsel

CLAIMS TO HAVE MARRIED SENATOR PLATT

STATE'S ATTORNEY AT FINDLAY ATTACKING STANDARD MONOPOLY

Findlay, O., May 19.—As a climax
to the long and bitterly contested
fight against the Standard Oil mono-
poly, Attorney General Ellis and Pro-
secutor David will strike their hardest
blows this afternoon in the Circuit
court when they will attack the octo-
pus from three different sides.

Quo warranto proceedings, man-
damus and defense or verdict against
the Standard Oil company obtained in
the Probate court of this county will
be the weapons used. The hearing in
quo warranto will come up first. In
this proceeding the attorney general

for Mrs. Wood. Platt is represented
by O'Brien, Boardman, Platt and
Dunning, but John B. Stanchfield is
conducting the trial. The Senator has
not yet appeared, and, owing to his
feeble condition, he will not be
brought into court until the time ar-
rives for him to go on the witness
stand.

It is to be understood that Mrs.
Wood alleges that through a conspir-
acy in which former Postmaster Gen-
eral Wynne Wm. Loeb, Jr., secretary
to the President, Abg. Hummel, a se-
cret service man, and others partici-
pated, all of the letters and docu-
ments bearing upon her case were
taken from her on October 13, 1903,
in Hummel's office. The letters which

EIGHT KILLED BY EXPLOSION

Ferndale, Calif., May 19.—One white

PROTECTS ELKS' INSIGNIA.
Washington, May 19.—Speaker
Cannon has introduced by request a
bill making it a misdemeanor, pun-
ishable by a fine of \$20 or imprison-
ment for 30 days, for any person to
fraudulently wear in the District of
Columbia the badge, insignia or but-
ton of the Order of Elks. The bill
passed the House in the Fifty-ninth
Congress, but failed in the Senate.

GRAIN KING MAKES "KILLING"

Chicago, May 19.—Corn set a new
record for the year today when May
soared to 79 cents immediately after
the opening. As a result James A.
Patten the grain king is making a
"killing."

Journalism on Saturday, it will be im-
possible to induce either house to
yield, despite the fact that the con-
ference might be able to reach an
agreement between themselves.

It can be stated on the highest au-
thority that the leaders now believe
financial legislation of any kind at
this session to be out of the question,
and the whole matter will go over un-
til next winter.

STARTLING THEORY IS ADVANCED

Mrs. Guinness Thought to
Have Murdered Four
at One Time

BODIES BURIED TODAY

Grand Jury in Session--Officials
at Laporte May Offer Reward
for Woman's Apprehension.

Laporte, Ind., May 19.—Develop-
ments in the Guinness case indicate
that Mrs. Belle Guinness celebrated
Christmas, 1906, by killing four peo-
ple—perhaps on the same night—and
burying them in the same grave. This
startling theory was advanced follow-
ing an autopsy made of two unidenti-
fied skeletons by Drs. George R. Os-
born and F. T. Wilcox, who showed
positively that one of the skeletons
hitherto thought to be that of a man
is that of a woman. It came from the
grave in which four bodies, including
that of Jennie Olsen, were found.

All of the four dismembered bodies
were in the same stage of nonpreser-
vation, and, coupling the story of
Emil Greening, a former hired man,
now living in Oklahoma City, Okla.,
and the known facts about the dis-
appearance of John O. Moe, it appears
that Jennie Olsen, Moe and a musical
professor and his wife were all mur-
dered at Christmas time, 1906.

The last seen of Moe was Christmas,
1906, which he spent at the Guinness
farm, where it is practically certain
that he was murdered. Jennie Olsen's
disappearance "with a professor and
his wife, who were going to take her
to California," according to Mrs. Gun-
ness, has been placed at the same time,
the exact date being uncertain.

Greening, in statements made in
Oklahoma City, has stated that a man
and a woman, whose voice sounded
like a man's, and who he suspected
was a man dressed in woman's cloth-
ing, were at the Guinness house the
last night he saw Jennie Olsen alive.
Greening was told to sleep in the barn
that night, and the next day he was
told that Jennie had gone with the
strangers.

It is known that Mrs. Guinness
prepared for this slaughter weeks ahead.
The grave in which the four bodies
were found was dug two months ahead
by Brjiski, a Polish laborer who did
odd jobs for Mrs. Guinness. The pre-
ceding October Mrs. Guinness was
making a girl's dresses, and when
asked by one of the neighbors what
she was doing, said that the dresses
were for Jennie Olsen, who was going
away to school. It may be presumed
from the shreds of evidence now in
the possession of County Prosecutor
Smith that Mrs. Guinness had plotted
to kill three persons on this occasion—
the so-called professor, his wife and
Jennie Olsen—but Moe, with his \$14-
500, arrived in answer to Mrs. Gun-
ness's matrimonial advertisement just
in time to join the party and to be
killed and buried with the others.

Men who uncovered this large grave
with the four corpses say that each
body had been butchered and disar-
ticulariated in the same manner.

The autopsy held on the remains
of the seven unidentified dead ex-
humed from Mrs. Guinness's private
burial ground was completed last eve-
ning, and revealed that fact according
to the reports of Drs. F. T. Wilcox and
George R. Osborn, that one of the
seven was a female. This has aroused
new interest in the story of Emil
Greening of Oklahoma City, Okla.,
who was employed by Mrs. Guinness in
the fall of 1904.

Greening worked for Mrs. Guinness
at the time that Jennie Olsen disap-
peared, and his story was to the effect
that on a certain day in September a
man and a woman came to the house
and that night Mrs. Guinness asked
Greening to sleep in the barn, for the
couple, who she said were the profes-
sor and his wife from the Los Angeles
college which Jennie was to attend
would spend the night at the house,
and would require Greening's bed-
room.

In the morning Greening saw nothing
of Jennie nor the man and woman,
and was informed by Mrs. Gun-
ness that they had let on an early
train, taking Jennie along. This body,
which is now declared to be that of
a woman, was taken from the same
hole as was that of Jennie Olsen, and
in that hole also were the bodies of

New York, May 19.—J. L. Liver-
more the youthful operator whom the
cotton exchange credits with having
made \$600,000 in his own successful
coup in July cotton, is by no means a
novice in the artifices and tricks of
speculation in cotton stocks and
grain. It became known that when
only 16 years old he concluded a
highly successful stock market opera-
tion in a New England bucket shop
which resulted in closing the con-

now, he has been operating in specu-
lative markets for 15 years.

Bridgeport, O., May 19.—The nude
body of a strikingly handsome girl of
probably 19 years of age was found
floating in the Ohio river at Pipe
creek, ten miles south, this morning,
by three boys. On her head are marks
of bruises made by some blunt in-
strument, indicating murder. There is
absolutely nothing on which identifi-
cation can be made except the fea-
tures, which are slightly discolored
from having been in the water prob-
ably 24 hours.

COUNTY OFFICIAL

SUICIDES.

Worried About Charges Which He
Claimed Were Unjust and Ends
His Life.

Indianapolis, May 19.—John Mc-
Gaughey, former county commis-
sioner, committed suicide today by shoot-
ing. His name had been connected
with an exposure of gigantic county
frauds and he has been before the
grand jury several times. Another
commissioner and several county em-
ployees and men having contracts with
the county have been indicted. Mc-
Gaughey worried about the charges,
which he said were unjust, and end-
ed his life at his home in Irvington in
the presence of his family.

DYNAMITE BEING USED IN STRIKE

Street Car Partially De-
stroyed by Torpedo
in Cleveland

LINES BEING OPERATED

Officials Will Not Arbitrate Until
All Violence Has Ceased
by Strikers.

Cleveland, O., May 19.—Settlement
of the street car strike seemed near
at noon Tuesday when the state board
of arbitration, union officials and Mu-
nicipal Traction officers met. Presi-
dent Dupont still insists that the sen-
iority of men now at work be recog-
nized. President Dupont said he was
willing to allow the arbitrators to de-
cide all points to be settled. The new
peace move was made after contin-
ued rioting today, in which cars were
stoned, passengers and crews injured,
and three cases dynamite exploded
under cars, smashing the windows
and putting passengers into a panic.
Several persons, including two police-
men, were injured in these explo-
sions. In spite of the large number
of police on duty street car service to-
day was more irregular than on Mon-
day.

Cleveland, May 19.—A Broad street
car was partially destroyed by a dynamite
torpedo last night. While 25
passengers were in the car, no one
was seriously injured. A panic fol-
lowed and a rush for the exits was
made.

A West Madison street car also was
damaged by an explosion of powder
upon the track. The floor of the car
was broken and one woman was se-
verely hurt.

The company succeeded in operat-
ing all lines with but a slightly im-
paired service, considering the diffi-
culties. While no special effort was
made to send cars into the suburbs,
yet in the city proper cars were run
on a grand average schedule of nine
minutes. This is but four minutes be-
low normal.

There was a marked decrease in the
severity of the violence reported. In
several instances car windows were
broken by stones, cars were stopped
and non-union crews were assaulted.
No fatal injuries were reported.

The more important incident was
the undercurrent of negotiations for
peace. These were engineered by the
members of the state board of arbi-
tration with President Dupont of the
Municipal Traction company and
President Mahon and Vice President
Behner of the Carmen's union. The
union's president made considerable
progress in discussing the scope of
the proposed arbitration.

Mr. Mahon proposed that if Mr.
Dupont would agree to arbitrate
everything he would call off the strike
immediately and put the men back to
work. This carried with it the propo-
sition that the men be given their
old jobs. To this Dupont demurred,
saying that the men who refused to
strike would be given the preference.
The men could not agree and a dead-
lock resulted. When this point was
reached Dupont said he would do
nothing until the employees stopped
violence. Mahon said he would not
agree to stop violence, as that would
be an admission that the strikers
were responsible for the acts of the
mob and sympathizers.

Mayor Johnson when appealed to,
said he would do nothing more than
exercise police power until all vio-
lence stopped.

President Dupont conferred with
Members Bishop and Owen of the
board in regard to the strike settle-
ment, and while he agreed to arbi-
trate some points, he would not con-
cede the one thing for which the men
stand determinedly.

"In no case will I arbitrate the re-
instatement of the men at the expense
of those now employed," he said. "I
shall stick for the seniority of runs,
those now working getting the prefer-
ence."

President Dupont was asked whether
he would arbitrate all other points.
He replied that he would arbitrate no
point until the lawlessness had
ceased.

"The men had no right to strike in
the face of arbitration, and I will not
confer with them until they purge
themselves of the lawless element.
They are the offenders and they must
show that they are willing to be law-
ful."

NO CURRENCY LEGISLATION DURING THIS CONGRESS

Washington, May 19.—As a result
of the careful study of the situation
by leaders on both sides of the capitol,
it is practically settled that there will
be no currency legislation enacted at
this session of congress. Differences
between the Aldrich bill, which passed
the Senate, and the Vreeland measure,
which passed the House, are so radi-
cal that the leaders agree that in the
short time remaining before final ad-

LIGHT TENDER RESCUED BOYS

Sandusky, O., May 19.—Arnold
Wiedemann, William Senator and
Fred Lamm, two boys aged about 16
started out early last evening in a
sail boat. Two hours later a severe
squall passed over the bay. This
morning the sailboat was found over-
turned and no trace of the boys had
been found. It is believed that they
drowned, probably being exhausted
and unable to cling to the overturned
boat until day light.
A later dispatch announced that
the boys had been rescued by a light
house keeper where they remained all
night. The boat had been abandoned.

The Biggest Secret About Coffee

Up to now the biggest secret about coffee has been the big profit to the importer and roaster. This Company by cutting the profit to a close margin and giving the people a really high-grade coffee at a low price has found a big demand. Here lies the secret of the big success of

ing used daily, but the mild winter made it possible for them to forage for themselves. Those in the preserve at Lamont are in the best of condition and at least 100 calves are expected during the next few weeks. The government is now calling for tenders for a wire fence around the preserve, which will be more than 70 miles long and will cost approximately \$80,000.

The preserve is so arranged that for eight miles the railroad runs along one side of the park, giving passengers a chance to see the herd, thus adding another attraction to western Canada. This is now said to be the largest herd of buffaloes in the world. With the arrival of the other herd it will be doubled, and before the end of the year the herd will number close to 1,000, with a probable net increase of fully 25 per cent annually.

PHYSICIANS

May Run Up Against Uncle Sam if They Do Not Heed Certain Postal Regulations.

The postal authorities at Washington are after Ohio physicians who have been violating the postal laws by sending diphtheria and tuberculosis sputum to State Health Officer Probst for analysis through the mails in containers, which it appears are of a character that were easily broken, letting the contents out in mail sacks.

Dr. Probst has received a letter from the division superintendent of the railway mail service at Washington, asking him to send in the name of any physician who violates the postal laws in his respect and who does not use the containers adopted long ago by the state board of health and approved by the postal authorities.

Some physicians have violated the law more than once, and have been warned by Dr. Probst, who now says that his duty in the future will be to send on the name and address of the physicians who do not heed the warning to the postal authorities at Washington.

CONVENTION

Of the Unemployed Will Ask Rockefeller to Contribute to Fund to Help the Army.

New York, May 19.—John D. Rockefeller is to be appealed to by a committee of the National convention of the Unemployed to suggest plans of relief for men who are out of work, and to contribute to a fund that is being raised.

The convention, in session at the Manhattan Lyceum in New York, decided to send representatives to Mr. Rockefeller, and they will attempt to reach the millionaire through the agency of Rev. Dr. Aked, pastor of the Fifth Avenue Baptist church, of which Mr. Rockefeller is a member.

Secretary Alexander Law of the convention, and L. T. Rush told of their visit to Washington to see President Roosevelt in the interest of the unemployed, and to request him to urge a \$150,000,000 appropriation for the relief of men without work.

They had not been able to discuss the matter with the President, but President Samuel Gompers of the American Federation of Labor, had promised to confer with Mr. Roosevelt. Arrangements are being made for a general mass meeting in the interest of the unemployed at the Manhattan Lyceum next Wednesday evening, and invitations will be sent out to a number of prominent men to appear as speakers.

FIRST OPTION FIGHT TO BE IN KNOX

Youngstown, May 19.—Knox county is the first in the state which will have a vote on local option under the new law, according to District Superintendent A. J. Williamson of Cleveland.

Ashtabula county is to be made the first battleground in the northern district, and following that will be Lorain, Lake, Medina, Trumbull and other counties where the population is to a great extent a farming one.

The counties which have large cities, such as Mahoning, Stark and other possible "dry" counties, will not be touched until the sentiment is shown in the test counties.

AMUSEMENTS

IDLEWILDE PARK.

On next Sunday, May 24, Capt. S. K. Hayes will open to the public free, beautiful Idlewilde Park, with the Partello Stock company. This company needs no introduction to Newark people. Nature has done so much for this charming resort, and Captain Hayes has spared no time or expense to make this one of the most attractive places of amusement in Ohio and has booked for this season the best attractions on the road. The grounds have been put in fine shape, buildings painted, the theatre, remodeled, new scenery and plenty of comfortable seats throughout the park. A new and commodious dancing pavilion has been erected. There will be a fine skating rink where lovers of that sport can be entertained. The children have not been forgotten, with a fine merry-go-round and boat-ride on the lake.

The genial captain will always be ready and willing to cater to the public and private parties. Come and give Idlewilde a boost, for never in its history has it been made so attractive as this season.

ORPHUM THEATRE.

Judging by Monday's bill at the Orphum theatre should hardly be able to hold the crowds that are sure to pour in the next two days. It would be hard to place a better bill on this or any other stage, no matter how much Messrs. Sun and Murray would try as this week's bill is an exceptionally good one. It is hardly fair to the balance of the performers to speak of any one act being a headliner, as all are equal in their special

The Music Gerald also made a big hit by their playing of different instruments, especially the mandolins and xylophones, which gained for them well deserved applause. The lady is well favored with good looks and a handsome wardrobe. It is an act that all lovers of good costumes and real music will surely appreciate and should help draw good houses while here.

GLOVE FACTORY WILL SOON START

Frazesburg, May 19.—A new industry will be started here in the next few days. It will be a glove factory, which will be operated by Dr. H. P. D. Shaffer, the well known dentist. Dr. Shaffer has secured quarters and has installed ten machines, with which carves mittens and the cheaper grades of gloves, will be manufactured. The plant will be run by gas power and will give employment to a dozen people.

FRANKLIN TOWNSHIP.

Services at the Lutheran church on Sunday morning were well attended. Mr. and Mrs. Otto Franks and family spent Sunday with the latter's parents, Mr. and Mrs. George Woolard, of Frazesburg.

Mrs. Byron Dushimer and sister, Mrs. Rosebrough of Newark, attended church here, Sunday.

Jesse Hoskinson who has been confined to his home with the mumps is able to be out again.

Mr. Davy Courson and family took

dinner with Will Motherspaw and family Sunday.

Rev. Mr. Stuckenberry and Mr. Gud Smith and family spent Sunday with Mr. and Mrs. Allan Swisher.

Carl Richey and family and Frank Wilkins and family spent the day at the home of D. E. Dushimer and family Sunday.

Carl Motherspaw has been sick for several weeks with malaria fever.

The Ladies' Missionary Society will meet at the home of Mrs. Minnie Denman the first Thursday in June.

PURITY.

Funeral services were held at Eden Friday afternoon over the remains of Mrs. Ella Van Wey Mills, wife of Eli Mills, who died Wednesday morning at the home near this place, aged 26 years. She is survived by her husband and two small children, Leslie, aged 2 years and a baby only a few days old. Her mother, four sisters, two brothers and a number of other friends and relatives are also left to mourn. The services were conducted by Rev. L. G. Walker and interment was made in the cemetery adjoining the church.

Mrs. James Braden spent last week in Newark at the home of her son, Wesley Braden, whose family was ill with measles.

Marion Mills, Mr. and Mrs. Charles Mills, Mrs. Rena Thomas and daughter Forrest, all of Morgan township, were called here by the death of Mrs. Eli Mills.

Mrs. William Larason of Newark is spending a few days with her mother, Mrs. Margaret Brown.

Sour Stomach

Belching of gas, sour risings in the throat, pain after eating, a general feeling of heaviness, irritability, these are conditions which Dr. Williams' Pink Pills correct.

"I had a distressed feeling after eating, often followed by terrible vomiting spells," says Mrs. William Duely, of 43 Lucas avenue, Kingston, N. Y., "and became subject to deathly sick headaches. I was constantly belching gas in my efforts to relieve my stomach. I was in this condition for nearly three and a half years, although I tried a number of doctors. I was discouraged with them all, when I read about Dr. Williams' Pink Pills. A few boxes helped me wonderfully. I continued their use until cured and have had no signs of stomach trouble since."

LONG BUFFALO DRIVE

Large Herd for Canada to be Driven Over Eighty Miles—Seventy Mile Fence.

The buffalo herd which is corralled near Lamont in Canada, has wintered well, and since the round up commenced in Montana last year less than one and one-half per cent have been lost.

Arrangements are being made to bring up another 200 head. Michael Pablo is getting them together on his ranch in Montana. Pablo has only a fence, 23 miles long, from the mountain to his home, and the buffaloes are driven along the fence into the corral. Last year he had 125,000 head and 55 head in the range for three weeks, but he found this too expensive and has adopted the new plan for getting the remainder of the herd.

The 100 head brought to Canada last year were shipped by freight trains, but several were killed in loading and unloading, and the feeding and watering was so complicated under difficult conditions. This year an attempt will be made to drive the herd up from Montana to Lamont, a distance of more than 80 miles, via a Lamont correspondent of the New York Post, bringing an 80 mile drive of 160 wild buffaloes across land. It will be one of the greatest undertakings in the history of cow punching.

These buffaloes have been fed on hay all winter, about seven tons be-

A CONVENTION PRIMER

Important Information Concerning Past and Coming National Political Conventions.

THIRD OR OTHER PARTY CONVENTIONS.

What parties have held national conventions besides the Republicans and Democrats?

There have been several. The first political national convention ever held was by the so called Anti-Masonic party in 1831. The Democratic party has been in existence since that date. The National Republicans were followed by the Whigs and they by the Republicans, who have been in existence since 1856. Other parties which have nominated presidential candidates have been the Liberty party, the Free Soilers, the Americans or Know Nothings, the Liberal Republicans, Prohibitionists, Labor, People's, Socialists.

Has any national party besides the two great predominant parties ever been successful?

No, but they have sometimes so held the balance as to determine the election. For instance, the Liberty party defeated Clay in 1840, and the Prohibitionists defeated Blaine in 1884.

What parties besides the Republican and Democratic will probably nominate presidential candidates this year?

The Prohibitionists, the Independence League, the Socialist and possibly some Labor party.

What would happen if a third party candidate should obtain enough electoral votes to prevent the Republican or Democratic candidates from having a majority in the electoral college?

The election for president would be decided by the house of representatives and that for vice president by the senate.

DECEPTION IN REPORTS. Two Succeeding Reports of Same Institution Show Peculiar Differences. A comparison of the reports of the municipal electric light plant of Allegheny for the years 1904-05 and 1905-06 reveals one of the most barefaced attempts to deceive the public that has yet come to our notice. The managers of this plant had deemed it necessary to show a lower cost for street lights than was paid by the adjacent city of Pittsburgh to a private company. Up to 1904-05 this had been accomplished by omitting the charges for water, lost taxes, part of the interest and some minor items and by charging only 5 per cent for depreciation. In that year they showed a "cost" of \$83.44. At that time, however, the charge for street lights in Pittsburgh was reduced from \$96 to \$76 a year. In order to meet this bona fide reduction on the part of the Pittsburgh company the item of depreciation was omitted from the next report of the Allegheny plant, and a "cost" of \$65.64 was thus shown. This would have been bad enough, but the matter was made worse by this statement, which appeared above the table of costs: "The following charges cover the matter completely." This statement, which is false, as shown by previous reports of the same plant, has been repeated in subsequent reports.

While this is an extreme example of official deceit, it is only a little more brazen than scores of similar reports which are being put out annually ostensibly to give the citizens of various cities information in regard to their municipal plants, but the real object of which is to prevent their knowing how expensive is municipal management compared with the average prices obtained by contract with private companies.

BOUND TO MAKE CHICKS HATCH

Talk about your patent incubators. A woman in the north end of the city had a hen leave a valuable setting of eggs about four days before they were scheduled to hatch our chicks, and some folks would have been puzzled what to do to save the hatch. Not so with this woman, for she got two tin pans that fitted closely and placed

the unhatched eggs therein, and buried all in a manure heap. By careful turning each day the chicks came forth on schedule time.

While this method is ingenious and novel for these parts, it is not new by any means, for hatching has been done in hot beds in pre-historic times, but the woman was as original as the old times.

You have tried the rest. Now try the best—Admiral Coffee.

OBITUARY

MRS. JENNIE TANNER.
Mrs. Jennie Fleming Tanner, 63 years of age, wife of Mr. J. H. Tanner, 222 Buckingham street, died suddenly this morning at 9 o'clock of hemorrhage after an illness of only a few hours. Besides her husband and one son, Chas. L. Tanner of Sandusky, two brothers and two sisters survive her. The funeral will be from the home Thursday afternoon at two o'clock and the burial will be made in Cedar run cemetery.

MISS MARTHA EDNA WILSON.
Miss Martha Edna Wilson, a popular, beloved and highly esteemed young woman, a member of the graduating class of 1902, of the Newark High school, died at the home of her mother, Mrs. Ella Wilson, 8 Wilson street, Tuesday morning at 7 o'clock. Death was due to tuberculosis.
Miss Wilson, accompanied by her mother, returned to Newark three weeks ago, after spending about five years in Arizona, where they went for the benefit of the young woman's failing health.
After graduating from the High school here, Miss Wilson taught school in the Woodside building until

International Marriages Not All Unhappy.

By J. J. JUSSERAND, Ambassador From France.

I HAVE no objection to international marriages. I do not think they are more disastrous than national ones. As proof of it I take my own case. GEOGRAPHY SHOULD NOT BE CONSIDERED IN MATRIMONY.

TO MY WAY OF THINKING THERE ARE NO MORE UNHAPPY AMERICAN WOMEN MARRIED TO FOREIGN HUSBANDS THAN THERE ARE HAPPY ONES, PERHAPS NOT AS MANY. HAPPY MARRIAGES ARE NOT MADE ON THE MAP AT ALL, AND IT IS QUITE AS POSSIBLE TO BE MARRIED TO A MAN OR WOMAN FROM A COUNTRY OTHER THAN YOUR OWN AND BE HAPPY AS IT IS TO MARRY ONE OF YOUR OWN NATION.

My countrymen make excellent husbands AS A RULE, and I cannot see why an American girl could not be congenially married to a French nobleman or any kind of a Frenchman if he is the man most suited to her tastes. The same thing applies to the English or any other nation.

While there have been some GLARINGLY UNHAPPY INTERNATIONAL ALLIANCES of recent years, I still maintain that they do not prove the unwisdom of such marriages. Where there is a Castellane mesalliance I could point to many MOST HAPPY marriages. I am an instance.

There Is No Art In America.

By MARY GARDEN, American Prima Donna.

AS FOR ART IN AMERICA, THERE IS NO SUCH THING—AT LEAST NOT YET. AMERICANS ARE NOT JUDGES OF ART STANDARDS. THE MASSES CANNOT UNDERSTAND WHAT ART MEANS, AND, LIKE A LOT OF SHEEP, THE PEOPLE HERE FOLLOW THE LEADERS—THE CRITICS OF YOUR NEWSPAPERS. AND WHAT NONSENSE THAT IS!

Why should it be so? It is, I say, the critic who tells Americans what is good work. The fact that the people of France and of Italy and of Germany DO THEIR OWN THINKING AND LISTEN WITH THEIR OWN EARS makes those nations what they are—GREAT in art and in art impulse.

So long as America depends for her judgment of art upon the opinions of a handful of critics SHE WILL NOT KNOW WHAT ART IS. What develops art in a country is the battle of minds among people. Have you ever watched a theater audience? What do they go for? It is my impression from observation that they go to get away. How few there are who do not begin to fidget and prepare for after theater suppers or the suburban train about the time when instinct or a libretto tells one it is near the end of the performance. If the people were music loving people—IF THEY KNEW AND APPRECIATED MUSIC AS THEY DO ABROAD in countries where the people have been educated up to such things and are THEMSELVES the real musical censors—such a thing would not be possible.

her health began to fail, when she went to Arizona. On reaching the new climate, her condition showed signs of marked improvement and she held a position as teacher in that state for about three years, when a decline in health became very noticeable and a few weeks ago it was decided to return to the place of her birth.
Few young women enjoyed the large following of intimate friends that did Miss Wilson. Her schoolmates as well as her older friends were numbered among the hundreds and her sad death will be mourned over the entire city.

The only immediate relative surviving is the mother Mrs. Ella Wilson, who feels the shock of her daughter's death most keenly.
The funeral will take place Thursday at the Plymouth Congregational church. The hour will be announced later.

MRS. ROSE CLUXTON.
Mrs. Rose Cluxton, 32 years of age, wife of James Cluxton, 134 Elmwood avenue, died at 1:40 o'clock this afternoon of a complication of diseases after an illness dating from last fall. Her husband and one son, Dewey, 11 years old, survive her. The funeral arrangements have not been made.

JERSEY.
G. H. Harrison will move back to his home here this week.
Miss Mae Wickliffe who has had an attack of appendicitis was able to attend the baccalaureate sermon with her class Sunday evening.
Mrs. Ethel Long is sick with typhoid fever.
Mr. and Mrs. Charles Arnold are visiting friends here.
The High school baseball team went to Reynoldsburg May 9, and defeated the High school team of that place by a score of 3 to 1. The team will go to Alexandria May 23.
The alumni of the High school will give a reception to the class of '08 at the town hall immediately after the commencement exercises are over.
The commencement exercises of the class of 1908 will be held in the Presbyterian church Friday evening. There are 11 in the class, the largest ever graduated from the school. Following is the program:
Music, There is a pilot, Class Quartet—G. Herbert Berger, Morris C. Cross, S. Herbert Berger, Paul O. Condit.

BURNING LETTERS

(Continued from Page 1.)

she submits, therefore, are substantial copies. On November 8, 1901, then, she received from Platt the following:

"My Little Bride-to-be: I have made all arrangements. You are not to say anything to anybody nor do anything, but obey implicitly my instructions. You are to be here at 4 o'clock sharp. I enclose a card for you to give to the hotel clerk, who will look after you and show you to Room 158. You need not register.

"I will care for you when everything is ready, as per card inclosed. Please do not keep us waiting. I am an old fool, but you shall never regret the step for you shall be free as you are until the proper time comes. Believe me lovingly,
TOM."

Telling the history of their courtship Mrs. Wood said she had first met Mr. Platt in April, 1901, and, after that, frequently saw him at the Fifth Avenue Hotel and at his office in Broadway. He first asked her to marry him while they were seated together at the Manhattan Beach Hotel one day in August, 1901.

"I told him that he did not know anything about me," said Mrs. Wood, dimples appearing in her cheeks as she drew her lips back, and he replied 'Oh, yes I do. I have inquired about you, and know all about your life at Omaha and elsewhere, and I am satisfied with you.'

Then telling about the letters and papers that had been taken from her, she identified the foregoing letter as 'nearly an exact copy,' and plunged into the story of the wedding, which is romantic and mysterious enough to satisfy the most exacting.

On the stipulated day she went to the room designated by Platt and awaited developments. Shortly there came a knock at the door, and, on opening it, she met the senator and two men.

"I knew, Baby, you would not disappoint me," cried the Senator, as he warmly embraced the lady.

The strangers were introduced to her, but she did not catch their names. Then followed the ceremony. "Do you claim that there was a ceremonial marriage?" asked Justice O'Gorman.

"I do," was the emphatic response. "Of what did the ceremony consist?" asked Attorney LeBarbier.

"One of the men said: 'Do you take this man to be your husband?' I said 'Yes,' and he asked Senator Platt: 'Do you take this woman to be your wife?' and he said 'Yes.'"

"Was Mr. Platt holding your hand at the time?"

"He was."

Then according to the witness Platt placed a ring on her finger. She wore it in court—a plain gold band without inscription. Rev. Edward W. Rice was said to have performed the ceremony. The two men immediately after the ceremony, left the room with Platt, and she followed after she had arranged her hair. She entered, then, the Senators room and was sitting on a sofa, when he handed her a certificate, with the remark:

"Here is something for you, Baby."

The certificate was marked for identification. Mrs. Wood declared that she believed it was a valid ceremony, and had lived with the Senator for two days after the ceremony. The marriage was not made public at his request.

"People would call me a fool," he said, "and it might interfere with my senatorial candidacy."

Subsequently, Mrs. Wood said, she had lived with the Senator both in Washington and New York, and had received many letters from him, most of which had been taken from her by Hummel and the others named in the conspiracy.

Gold teeth, which Mrs. Bellia Guinness is known to have had in her mouth when last seen, were found in the ruins of the Guinness home today. Dr. L. N. Norton, who put in the teeth, identified them as the ones he put in Mrs. Guinness mouth. Prosecutor Smith declares this establishes the fact that Mrs. Guinness is dead. He also announces that he expects to get an indictment of Ray Lamphere this week and to start Lamphere's trial next Monday.

COURT NEWS

Friendly Suit.

Lidia J. Green of Granville, commenced an action against Moses Goodrich to sell a lot in Granville, which was entailed by the will of Laura Goodrich Freich. The suit was a friendly one all parties consenting to the order. E. J. Dorsey was appointed referee to make the sale, and Warner J. Pond, H. W. Howe and George T. Jones were appointed appraisers.

Common Pleas Court.

The case of W. W. VanArsdale vs. Wm. H. Donaldson and others, was heard in the Common Pleas court. A partnership existed between the parties. VanArsdale sold and took a partnership note made by Albert Donaldson, with the firm name signed to it. William Donaldson defended against the payment of the note on the ground that Albert Donaldson, now insane, was insane at the time the note was made. The court found in favor of the plaintiff.

Injunction Allowed.

The Court of Common Pleas allowed an injunction against Eli Hull at the suit of Oren G. King, restraining Hull from cutting walls on King's property and otherwise trespassing on King's grounds in the work of excavating and constructing the Hill building on Third street.

Granted Trial Visits.

Judge E. M. P. Brister has been notified by Supt. George Stockton, of the State Hospital, that Myrtle E. Wagner and J. F. Black, Licking county patients, have been granted trial visits, and that C. C. Clark died April 26.

Appoints Special Deputy.

Probate Judge Brister on Tuesday deputized J. H. Moore as a special deputy sheriff to go to Highwater and bring back James McFadden who succeeded in making his escape from the State Hospital for the second time in four days.

Ditch Hearing.

In the matter of the county ditch improvement No. 16, petitioned for by Wm. Cheek, was filed with the county auditor together with the bond in the case. The ditch is located in Monroe township and is for the alteration of the Clem Blamer ditch. The auditor set the date of hearing for June 9, 1908, at 12:30 o'clock, at the place of beginning.

Justice Nash's Court.

Lee Martin was arrested by Constable Darnes on a warrant sworn out in Justice Nash's court, on the charge of failing to support his three minor children. He was taken before the court and the case was continued until Wednesday, May 20.

The Doctor Whose Patients Hang On

Talk No. 11 to Newark Business Men.
(By Herbert Kaufman.)

Out in China all things are NOT topsy turvey. PHYSICIANS ARE PAID FOR KEEPING PEOPLE WELL, and when their patients fall ill their weekly salary check is stopped. The Chinese judge a medical man not by the number of years HE lives, but by the length of time his clients survive.

An advertising medium must be judged in the same way. The fact that it has AGE to its credit isn't so important as the AGE OF ITS ADVERTISING PATRONAGE. Whenever a daily continues to display the store talk of the same establishment year after year, it's a pretty sure sign that the merchant has MADE MONEY out of that newspaper, because no publication can continue to be a losing investment to its customers over a stretch of time without the fact being discovered. And when a newspaper is not only able to boast of an honor roll of stores that have continued to appear in its pages for a stretch of decades, but at the same time demonstrates that it carries MORE business than its competitors, it has PROVEN ITS SUPERIORITY as plainly as a mountain peak which rises above its fellows.

The combination of STABILITY AND PROGRESS is the strongest virtue that a newspaper can possess. ONLY THE PIT SURVIVE—reputation is a DIFFICULT thing to GET and a harder thing to HOLD—it takes MERIT TO EARN it and CHARACTER TO MAINTAIN it. There is a vast

difference between FAME and NOTORIETY, and just as much difference between a FAMOUS NEWSPAPER and a NOTORIOUS ONE.

Just as a manufacturer is always eager to install his choicest stocks in a store which has earned the respect of the community, just so a retailer should be anxious to insert his name in a newspaper which has EARNED THE RESPECT OF ITS READERS.

The manufacturer feels that he will receive a square deal from a store which has age to its credit. He can expect as much from a newspaper which is a credit to its age!

The newspaper which outlives the rest does so because it was BEST FITTED TO—IT HAD TO EARN the confidence of its readers and KEEP IT. It had to be a BETTER newspaper than any other and BETTER NEWSPAPERS go to the homes of BETTER BUYERS. Even but of its circulation has the element of QUALITY AND STAYING POWER. And it is RESPECTABLE, HOME-LOVING element of every community toward which the merchant must look for his business. VERTERABLE—he cannot find buyers unless he uses the NEWSPAPER that enters their homes. And when HE DOES enter their homes he must not confuse the sheet that comes in the back gate with the newspaper that is delivered at the front door.

"Merry Widow" Shoes For Merry Maids and Matrons

We call our new 1908 patent leather and tan Pumps and Oxfords "Merry Widows," because they are the coyest women's footwear we have ever handled. Any woman can make herself more attractive with a pair of these Pumps or Oxfords. Like a pretty woman, they are really irresistible. Some of them have handsome buckles. We don't care what size you wear, either. The new shapes make a No. 7 look just as neat and graceful as a No. 3. Glad to have you try on some of them any time.

STABILITY OF FORTUNES

Experience has proven that fortunes invested in real estate have remained intact through more generations than when invested in any other form of property.

To the merchant and manufacturer, the owning of the property which he occupies means permanency of location. For the head of a family, the title to his home means the saving of rents and the possession of an asset constantly increasing in value. Values in real estate have been created by the growth of population. These are factors which tend to increase the demand for, and decrease the supply of real estate.

We are now building modern houses and will offer lots for sale, with or without houses, in my new addition, corner of Church and Eighth streets. Streets will be improved by paving, cement walks, gas and water to property lines. When all improvements are made these houses and lots will soon sell and you will have lost another opportunity to better your condition.

Can you afford to let this opportunity pass?

FALL FESTIVAL

The Newark Choral society announces a Fall Musical Festival to be given the last of November or the first of December. At this time the grand oratorio, "The Messiah" by Handel will be given. The society is now rehearsing on the work, and in a few weeks time will commence working on the oratorio "Elijah," and the cantata "The Swan and Skylark." These last named works will be presented next year in the May Festival of Song. The artists who will appear with the society in these festivals will be announced later.

The success of this year's festival makes the society feel that Newark will support a good musical festival at least twice a year.

Springfield, O., May 19.—The players of both teams were back on their stride today and the second game of the series between the Molders and the Orphans was a decided improvement over the contest of Sunday. The locals won, but they had to fight for the victory until the last notch.

The Molders tried their best to win and they made a grand rally in the ninth. They succeeded in tying up the score only to see the Orphans win out in their half, after two had been disposed of.

The ump's had their off day yesterday. The Newark players protested vigorously on several of Kramer's base decisions, especially when he called LaRue safe at second in the sixth. Wratten was the chief offender and he was ordered off the field twice, but he refused to go, and Kramer did not insist. Then the Orphans went after Hart for missing a third strike on Winters.

Both teams fielded splendidly. The miscra of Wratten doing no damage. Locke was the only offender for the Molders. He misjudged Moeller's line drive in the opener for a second, and the ball sailed over his head. Bohannon made a wonderful one handed stop in the first, robbing Abbott of a hit.

The Molders outbatted the Orphans, but the latter bunched their bingles and they did more damage. Panabaker settled down after the second and was invincible until the eighth. Beeman worked the last round and he walked the first man to face him. The free pass proved most costly. Doyle kept the hits scattered except in the sixth and ninth innings.

The Orphans got off in the lead. Moeller, the first man to face the southpaw, spanked one on a line to deep center and land-d on third. Burt followed with a double to the same territory, scoring Moeller. Bohannon sacrificed Burt to third, where he was left, as the next two batters sent up little flies, which were cared for.

One was added in the fourth. LaRue was walked and stole second. He counted on Zimpher's blow to left. The Molders got two hits in the second, but failed to tally. Their first one came in the fifth. Smith hit went to second on a passed ball, and was sacrificed to third by Wra. He completed the circuit on Williams' out from Bohannon to Spencer. Tied the score in the sixth. Smith tripled, with one down, and sent home on Locke's single to center. The latter was left.

The Orphans got busy in the eighth. Doyle was walked and stole second. LaRue, Tolman hit and stole second. Zimpher sent both of them home with a triple to center. The latter was left on third when the side was retired.

Murray started the rally in the ninth. He cracked one to left. Smith bunted and beat it out. Wratten sacrificed them. Williams drove a long fly to left. Moeller caught the ball with one hand. Murray scored. Winters batted for Panabaker and flied out to left for two bases. Smith came home with the tying run. Abbott flied out to Tolman retiring the side.

Burt was walked by Beeman, was sacrificed by Bohannon and went to third on Spencer's out. The Murray-Gygl route. Then Dooley came to the rescue. He smashed a line drive to left and the game was over. The score: Springfield, 10; Newark, 4.

Winters batted for Panabaker in the ninth. He smashed a line drive to left and the game was over. The score: Springfield, 10; Newark, 4.

Jersey Wins	
The Jersey baseball team defeated the fast Kinkersville team at Jersey, Saturday, by the score 10 to 0.	

Stars Win Two	
The Emerson Stars defeated the Young Newark's Saturday afternoon by the score of 6 to 5 in the first game which ran ten innings. The second game went the way of the first by a score of 10 to 8.	

A Mistake	
I noticed in the Advocate last evening that the manager of the Clay Lick team said that Clay Lick won from the P. D. Q. The score should have been 6 to 5 in favor of the P. D. Q. in nine innings, but as they had their own umpire and score keeper, they forgot to score one of our runs. They will not play outside of the great city of Clay Lick.	

Thoughts for Today	
(Springfield Gazette.)	

The Newark Molders have a first baseman with a name similar in construction to one adorning an Aristotle hero. Nobody knows how to pronounce that conglomeration of homonym members to the alphabet, and masmuch as the man's father and mother were not among the list of injured yesterday afternoon, opinions will differ until the judgment day discloses the truth.	
--	--

There were some that said it was plain "giggie," but then, good people, if it was meant to sound like that, what in samhill is that "g" doing there. It doesn't belong, and it's a pretty punk umpire that doesn't kick it out of the party. Then the "i" and "g" are twisted right. In their hurry to get set, and appear in the line up, they got caught in the wrong cog, hence the mistake.	
---	--

There is another freak on Newark's roster. His name is Moore, and he is	
---	--

NO GAME

Springfield, May 19.—There will be no game today between the Molders and Orphans on account of wet grounds.

NO GAME—RAIN.

Lima, May 19.—Rain postponed the Lima-Mansfield game this afternoon.

as big as the Fairbanks theater sitting on top of itself. On no, Liz, cut it down a little. Well, he's the biggest proposition making a living outside of the bars. Standing alongside of men that were not meant to inhabit infant asylums, he made them look sick for size.

In short, he got all that was coming to him in the way of bulk. He was ably supported by "Giggle" and Williams, who stand out on the field like shining lights in the sky scraping business. It's enough to give an average sized man shame for himself, and there was more than one that went home, looked in the glass, and then began a series of earthenies that would put blisters on your feet.

Also Sandy Murray has a very fine piece of goods in his hat. He was presented with it last summer by a gang of admiring eccentrics that wanted to see him far out. When they bought it they walked into the wrong store, and the miscreants they made has been fatal to more than one pitcher, and promises to be so to many more.

Sandy has no medals coming to him for looks, but with all his faults as a James K. Hackett in his palmist days, he has an honest face, and when he steps to the right rounda of the bank of rubber, there is a feeling of certainty that goes the rounds among the quaking fans that tells a doleful tale of a coming eloit.

Another queer thing about the Newark team is that they have an entire family on their pay roll. May be there are more in the Locke tribe, but there are only two that ever made themselves strong with Fame, and they are "Papa" and "Uncle Joe" Locke. "Papa" played yesterday, and from appearances he is just as good as he was 84 years ago.

"Uncle Joe" hasn't had a chance to show off yet, but they do say that his grandmother avers that he will make the ball step some in the Ohio State league. Of course, if grandma insists we will let it go at that, as age should always have the first consideration.

The Cincinnati Reds play the Wiedemanns at their new park in Newport this afternoon. Tozer and Pearce will be the battery for the Cincy boys and the fans will thus have their first chance of the season to see how the young catcher looks. McCarthy will pitch part of the game.

Manager Ed Ransick has signed Jake Benny to catch for his team. Having released Cliff Latimer, whose throwing was not strong enough, Benny will report at Springfield today, and do the bulk of the catching from now on. Ed says that his team is doing fairly well, but that he needs one more experienced pitcher. He warns Manager Gangel to keep an eye on Pitcher Ed White of Lancaster, and Outfielder Red Farrell of Marion, both of whom are showing promise of developing major league ability.

Manager Gangel and George Schlei will take a well earned rest today, while the Reds are the guests of the Wiedemanns. McGilvray will play first base and Bunny Pierce will do the catching. The rest of the regular line up will be intact.

Hundreds of Newark Readers Know What It Means.

The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—Backache, sideache, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

Mrs. A. J. Gordon, living on Chestnut street, Dresden, Ohio, says: "I suffered severely from a disordered condition of my kidneys. The passages of the secretions were very frequent at times and at others very scanty and painful and I was very nervous and dizzy and suffered from a constant backache. I used many different remedies but was gradually running down in health when I procured Doan's Kidney Pills. I can conscientiously say that I received more positive relief from their use than from any other remedy. Mr. Gordon has also used Doan's Kidney Pills for a lame back with satisfactory results."

Plenty more proof like this from Newark people. Call at A. F. Gray's drug store and ask what customers report.

FAMOUS WOMAN SWIMMER

New York, May 19.—Bringing a story of a wonderful electrical storm at sea, the steamship Cedric of the White Star line, arrived here with Miss Annette Kellerman, the champion female swimmer of the world, among the passengers. She said that in spite of the terrifying display at sea, when the high waves were thrashed angrily around, she had no fear of drowning, being confident that she would need no life preserver to keep her afloat for the best part of a day at least.

MISS ANNETTE KELLERMAN

Miss Kellerman is the young woman who made an ambitious attempt to swim the English Channel some years ago. She is paying her second visit to this country, having made quite an impression here with her feats of high diving and swimming.

She is an Australian, and before going to England a few years ago she competed successfully with the South-Sea natives in their swimming and diving performances. She holds the long distance record for swimming by women and has challenged men champions to competitions.

The election of colonel of the Fourth Regiment, O. N. G., to which Company G, of Newark is attached, was held by the eleven companies of the regiment on Monday night. The election of a colonel of the regiment at this time was held for the purpose of filling the vacancy occasioned by the resignation of Colonel C. S. Ammel, who retired recently after long and faithful service.

Colonel Byron L. Bargar was the only candidate, and it was a foregone conclusion that he was to be elected colonel of the regiment. The election was by ballot. Company G opened its polls at the Armory in this city at 7 o'clock and kept them open until 10 o'clock. First Lieutenant H. W. Brown acted as judge of the election and Corporal Dennis and Private Buxton performed the duty of clerks. During the hours which the polls were open 37 members of the company out of the total enrollment of 15 cast their ballots for B. L. Bargar. The vote of Company G was immediately to the canvassing board in Columbus, and before midnight it was known that the new colonel of the Fourth regiment, O. N. G., was Byron L. Bargar.

Colonel Bargar retired from the regiment in July, 1906, after 19 years' service, and was succeeded as Lieutenant Colonel by Major B. W. Hough of Delaware, who has been in command of the regiment since Colonel Ammel's retirement.

Colonel Bargar has had a great deal of military experience, not only in the Ohio National Guard, but in active service, having served as captain of one of the Ohio troops of cavalry. He is also much interested in the promotion of rifle practice in the Ohio National Guard.

On account of their being no opposition at the election Monday night the officers of Company G are much elated over the large number of votes cast, as it is indicative of the interest that is being taken by the members of the company in the organization. Quite a number of new enlistments are being made on account of the maneuvers to be held at Fort Benjamin Harrison, near Indianapolis this summer in conjunction with the United States troops, for which Congress has appropriated \$1,000,000.

The members of Company G who reported at the Armory Monday night were given a agreeable surprise. In pursuance of the policy of re-arming the United States army and the National Guard with better rifles, the Krag-Jorgensen rifle having been discarded, Co. G received its quota on Monday night of the brand new Springfield magazines and ammunition direct from the arsenal. Heretofore the infantry has been armed with the rifle and the cavalry has been using the carbine. Hereafter both branches of the service will be armed with the same kind of rifle.

COUNCIL CREATES WATER WORKS FUND BY ORDINANCE

THE \$85,000 RECENTLY APPROPRIATED BY COUNCIL PLACED THEREIN.

Consulting Engineers Furnish Detailed Statement and Estimate on Expenditure.

Ordinances were passed in last night's meeting of the City Council, introduced by W. D. Fulton, appropriating the \$85,000 for waterworks purposes, to be placed in a separate fund of the Board of Public Service, to be known as the Water Works fund, and directing the board to enter into contract for the erection and building of a municipal water works system.

In the report of the Board of Public Service, submitting a detailed statement and estimate on the expenditure of the additional \$85,000 waterworks fund, the following communication was received from the Riggs & Sherman company, consulting engineers:

To the Board of Public Service, Newark, Ohio:

Gentlemen:—In compliance with your instructions we have prepared and herewith submit the following statements in connection with the pipe line extension work contemplated for the present season, viz:

Exhibit "A"—A detailed statement of the location, by streets, the length on each street, and the size of pipe proposed to be used.

Exhibit "B"—A detailed statement of the quantities of the various kinds of materials required for the proposed extension work, including the pipe tonnage, weight of special castings, number of gate-valves for each of the various sizes, and a number of hydrants.

Exhibit "C"—A detailed statement of the estimated cost of the completed work based on prices sufficiently liberal to give reasonable assurance that the contract can be let within the estimates, it being understood that when bids have been received the actual amount of work to be embodied in the contract shall be adjusted to the available funds.

We also have the honor to hand you herewith a map of the distribution system as built to date with the proposed extension work for 1908 shown in colors.

It should be noted that in the event of the taking over by the city of the water mains laid by the Board of Trade in the Wehrle plant, then, and in the event, the value of the same should be deducted from the available fund and the amount of extension work to be done, that the balance of the fund may be adjusted accordingly.

THE RIGGS & SHERMAN CO.
By W. J. Sherman.

Following is the engineer's estimate of the cost of the proposed extension of 1908:

1815 tons pipe at \$26.....	\$47,190.00
24 tons specials at \$55.....	1,320.00
122 2-way hydrants at \$23.....	2,806.00
177 6-in. gate valves at \$15.....	2,655.00
15 8-in. gate valves at \$23.....	345.00
62,050 ft. of 6-in. pipe, laid at .25	15,512.00
24,900 ft. of 8-in. pipe, laid at .28	6,872.00
775 ft. of 16-in. pipe, laid, at .60	465.00
138 2-way hydrants, set, at \$5	690.00
7 3-way hydrants, set, at \$5.....	35.00
204 6-in. gates, set, at \$1.50.....	306.00
20 8-in. gates, set, at \$2.00.....	40.00
REPAVING.	
Hudson ave., from Locust to Clinton	1,000 ft.
Church, from 6th to 11th.....	2,300 ft.
Locust, from 8th to 12th.....	2,000 ft.
Second, from S. Park to R. R. 700 ft.	
Third, from S. Park to R. R. 700 ft.	
Cedar, from Clarendon to Main	2,200 ft.
Total	12,250 ft.
Or 2,722 square yards, at 30 cents, equalling \$816.60.	

The estimate of \$5,000 for supervision, inspection and advertising, makes a grand total of \$41,763.10 estimated for the extension of the municipal waterworks distribution system.

Mr. Sherman was present and addressed the council, calling attention to the fact that pipe was now much cheaper than it had been for years and would undoubtedly be raised in price. He said that the city would realize a vast saving of money by purchasing the pipe now when the same grade of pipe is at present \$15 cheaper on the ton than last year.

The finance committee, in its report on the examination of the budget, recommended the following levy for next year:

Safety	3.75 mills
Service	5.00 mills
Total for municipal purposes	8.75 mills
For hospital25 mills
Sinking fund	5.00 mills
Making a total levy of 14 mills.	

Mayor Atherton's appointment of Emmet Baugher for four years, to succeed himself as a member of the sinking fund trustees, was confirmed by the council.

A petition presented by 22 property owners on West Church street, protesting against the operation of switches and sidings on that portion of the street by the Ohio Electric Railway company, resulted in the adoption of a resolution, drawn by Mr. Fulton, directing the Board of Public Service to order the switches and frogs removed and to take such action necessary toward that end.

The street committee recommended the passage of the ordinance accepting the Fred C. Evans addition to the city of Newark, and favored the petition of the Thirteenth street property owners for a walk on that street from Granville to Columbia streets. This committee also reported with favor on the ordinance pertaining to the city's portion of the bonds for the Clinton street sewer, and the bond ordinance

for the property owner's assessment on Clinton street.

The Board of Public Service reported the West Main street paving contract of Brennan & Nutter and John I. Smith's North avenue sewer completed. The report was received and filed.

The clerk's report of the serving of notice for sewer assessments on Pataskala street and South Fifth street property owners was also received and filed.

A communication from L. B. Munch, purporting to represent the majority of the Florence street property owners, protested against the sewer on that street, stating that there was no water to be drained from this district by a sewer, and that it would be unnecessary.

F. M. Howard, living at 19 Clinton street, asked to be exempted from sewer assessment owing to the fact that for several years his property has had sewer connection from Locust street. The city solicitor will consider the protest.

A protest against the paving of North Williams street was received from P. Smith & Sons on the grounds that the work was extravagant and unwise. The matter was received and filed for future attention.

Under the head of ordinances came the following:

By Mr. Kuster: Authorizing the levy of 14 mills for municipal purposes. Passed.

By Mr. Stare: Fixing a penalty of not to exceed \$25 fine or 30 days in jail, or both, against, habitual loiterers about public streets, stairways, buildings, alleys, etc. Referred to the law committee.

By Mr. Irwin: To issue bonds for the payment of the city's portion of the North avenue sewer, in the sum of \$655.75. Passed.

By Mr. Irwin: To issue bonds in anticipation of the collection of special assessments for the improvement of a part of North avenue. Passed.

By Mr. Flohr: To transfer from "1-B-3" of the general fund, \$50 to "1-F-5" of said fund and \$10 from said fund to "1-F-5" of the general fund. Passed.

By Mr. Flohr: To transfer from "4-Z-8," "4-Z-21" and "4-Z-23" of the Board of Public Service fund \$600 (\$200 from each fund) to "4-Z-6" of the Board of Public Service fund. Passed.

By Mr. Fulton: To lower the grade of Second street between the Ohio Canal and Harrison street. Passed.

By Mr. Kuster: To issue special assessment bonds in the sum of \$1,004.80 for the improvement of a part of Clinton street by sewer. Passed.

By Mr. Kuster: To issue bonds in the sum of \$599.28 for the improvement of Clinton street by sewer. Passed.

RESOLUTIONS.

By Mr. Stare: Declaring it necessary to build a sewer on Pataskala street from South Fourth to South Fifth, and South Fifth from Pataskala to South street. Adopted.

By Mr. Irwin: Declaring it necessary to construct a sidewalk on the east side of Allen street. Adopted.

By Mr. Orr: Declaring it necessary to construct a walk on the west side of Thirteenth street from Granville street to Columbia. Adopted.

By Mr. Orr: To construct a railing

SCENE AT THE DEDICATION OF NEW BUILDINGS OF THE COLLEGE OF NEW YORK.

THE ACADEMIC PROCESSION

New York, May 19—Scientists, statesmen, diplomats, scholars and Mark Twain gathered on St. Nicholas Heights for the dedication of the new buildings of the College of the City of New York. There were 500 or more of the scientists, statesmen, diplomats and scholars, and only one Mark Twain, but so far as the outdoor spectacle was concerned he was the central figure before the 10,000 who had gathered to witness the exercises.

Mr. Clemens later in the day shared honors with Mrs. Cleveland, who took part in the ceremonies in the great hall of the college. Ambassador James Bryce, Charles W. Eliot, president of Harvard; Oscar S. Straus to Great Britain; Mayor McClellan secretary of commerce and labor; Joseph H. Choate, formerly ambassador were greeted with cheers by the

of the City of New York and its president, Dr. John H. Finley. Not only did it signalize the completion and occupancy of the buildings on St. Nicholas Heights, but 85 colleges and universities were officially represented, nearly half of them by their presidents. Cap and gown was the rule, only a few of those who participated being otherwise attired. The picturesque throng filled the plaza, and brilliant colors mingling with the somber black in the blazing sunshine produced a kaleidoscopic scene of impressive beauty.

Impressive, too, were the ceremonies—the flag raising and the dedication of the buildings, the latter accompanied by the booming of the big bell as Mrs. Cleveland pressed the button.

TO THE RIGHT: SECRETARY STRAUS, AMBASSADOR BRYCE, MAYOR McCLELLAN, PRESIDENT FINLEY, AND CHAS. W. ELIOT, PRESIDENT OF HARVARD.
